

SAIYED SAFFANABEGAM MOHAMED SAEED

Aspiring Web Developer

Surat, Gujarat | +91 7777991023 | ssaffanabegam@gmail.com | LinkedIn: linkedin.com/in/saffanabegam-saiyed-33ab19319

OBJECTIVE

Pre-final year IT undergraduate with hands-on experience building a complete e-commerce web application (S.S. Collection) using HTML, CSS, JavaScript, and Firebase. Currently expanding into React.js and backend development (Node.js, SQL, MongoDB). Seeking an entry-level Web Developer role to apply strong front-end fundamentals and a fast-growing full-stack skill set.

TECHNICAL SKILLS

- Languages & Core: HTML5, CSS3, JavaScript (ES6)
- Learning: React.js, Node.js, SQL, MongoDB
- Tools & Platforms: Git, GitHub, GitHub Pages, VS Code
- Cloud & Services: Firebase (Firestore, Authentication), Cloudinary
- Other: Responsive Web Design, REST-style API integration (WhatsApp Click-to-Chat)

PROJECTS

S.S. Collection — E-Commerce Website

HTML5, CSS3, JavaScript, Firebase Firestore, Firebase Authentication, Cloudinary | GitHub Pages

- Built a fully responsive luxury-themed e-commerce website for fashion accessories, including a homepage, product listings, and category filters (watches, shoes, bags, sunglasses, and more).
- Implemented dynamic product loading, search, wishlist, quick-view popup, and a shopping cart with add/update/remove functionality, powered by Firebase Firestore.
- Developed a secure Admin Panel (protected with Firebase Authentication) for adding, editing, and deleting products, and managing customer orders.
- Integrated Cloudinary for image upload and hosting, and a WhatsApp Click-to-Chat order system that sends order summaries directly to the store owner.
- Deployed the live site on GitHub Pages.

Personal Portfolio Website

HTML5, CSS3, JavaScript | GitHub Pages

- Designed and deployed a personal portfolio website to showcase skills, projects, and contact details, hosted using GitHub Pages.

Event Management System

- A Full Stack Web Application for managing college events, registrations, participants, and event activities. This project includes responsive frontend pages, RESTful APIs, database management, and CRUD operations.

Currently Under Development

EDUCATION

Bachelor of Engineering / Technology — Information Technology

C. K. Pithawalla College of Engineering & Technology, Surat (Affiliated to Gujarat Technological University – GTU) | 3rd Year (Pre-Final Year), Expected Graduation: 2028

ADDITIONAL INFORMATION

- Actively learning full-stack development, currently strengthening skills in React.js and backend technologies (Node.js, SQL, MongoDB).
- Comfortable working with version control (Git/GitHub) and deploying static sites via GitHub Pages.
